# “Q”

## Digital Entertainment Gateway Preliminary

### THE ULTIMATE HOME ENTERTAINMENT DEVICE

Cable set-top box + DVR + Internet TV Receiver + Blu-ray Player all in one device

Search across broadcast, online and personal media libraries

**Ceton Q Companion** app extends functionality to mobile phones and tablets

### WHOLE-HOME SERVICES\*

Pause a show in one room and continue watching in another

Watch live and recorded TV and Internet Video on every TV in your home

View your home videos and pictures and listen to your digital music on any TV in your home

### ELIMINATE COSTLY MONTHLY FEES

No set-top box lease fees

No DVR tax

The **Ceton “Q”** is the ultimate home entertainment device. Q combines the functionality of a multi-tuner, high-definition cable set-top box, digital video recorder (DVR), Internet TV receiver and Blu-ray player in a single, cost-effective device.

Ceton Q delivers premium cable TV, streaming video services as well as personal music, photos and videos to multiple TVs, PCs, tablets and displays in the home. A unique universal search capability, that delivers search results across broadcast, online and your own personal media libraries, brings finding and discovering entertainment to a whole new level.

The first true whole-home entertainment device to deliver premium cable TV services, Internet-based services and your own personal digital media to any television in your home, InfiniTV Q offers features that cannot be matched by today's set-top boxes and digital video recorders.

- Record 6 HD cable TV channels at once, including premium channels like HBO® and Showtime®
- Digital Video Recording (DVR) available on every TV set\*
- Access cable TV, Internet TV, photos, music and videos on one device
- Browse any Internet site
- Connects with any U.S. cable TV provider
- Eliminates costly set-top box lease and monthly DVR taxes
